ADOPT-A-HIGHWAY

A big thank you to Sandi Winchester for organizing the road cleanup this year.

Sunday, September 16th saw a good number of Woodville residents out picking up the litter along the roads in the community.

Woodville citizens are very good at keeping their own road side area clean and we appreciate that.

COMMUNITY CENTRE

There will be a fall cleaning on Tuesday, October 2nd and Thursday, October 4th in the morning at the Community Centre.

Just like a home there are things to do in the fall to get ready for winter. Some of those include: cleaning the duct work, and the air exchanger, cleaning and painting in some areas, servicing the generator and furnaces.

Alice appreciates that some people have stepped up to help her clean on Fridays while Monica takes care of her health issues.

TRAILS

The Annapolis Valley Mountain Bike Association have been busy this summer replacing and repairing bridges on the trails.

This is a beautiful time of the year up there. We appreciate the landowners who allow us to use their land for these popular trails. The waterfall should be very impressive after the rain this week.

FREE SKIS

We are offering the cross country skis that were donate to us FREE to anyone who enjoys the sport or would like to have skis, we have some boots as well. These were donated to us and we would like to pass them on to be better used by interested people.

We are asking for donations of hockey sticks that can be left and used at the Community Centre.

We recently purchased new nets and there are often pick up games that happen. This would be appreciated especially by the local youth.
