## RECREATION

### Swimming Lessons / Day Camp

Another successful year for swimming lessons and day camp. We had 150-160 kids registered in the swimming program this year. They learn vital life skills which include water safety and learning to swim as well as having fun.

Our swimming instructors do an excellent job. A big thank you to Michael Foote and Andrew Archibald.

The swimming instructors and eight other young people from the community lead our Day Camp of 35-40 children, playing games, doing crafts and of course eating snacks.

### Tennis Lessons

The County of Kings offered a 5 week Introductory to Tennis program with Woodville as one of the Communities included. Unfortunately there were not enough participants registered for our Community so the program did not run. Our hope is that this will be offered again next year.

### Tennis Courts

There has been a lot of work done to clean up the tennis courts. Some hoeing and digging which will make it better to keep the water from pooling on the courts. We still need to repair the cracks in the courts and trim some overhanging branches.

We would appreciate the donation of hockey sticks that can be left at the tennis courts. We hope to get new nets in the near future.

### Gym

The membership is full at the gym for now. Anna will be taking a list of names in September as space becomes available in October.

### Fitness Classes

Suzi continues her classes on Monday and Thursday evenings and Amanda and Deresa continue to offer PIYO on Wednesday nights and Friday mornings. Information on these classes can be found on our website.

## “COMMUNITY TREE” FUNDRAISER

We continue our newest fundraiser for the Woodville Community Centre with the “Community Tree”. This not only raises money but it is a beautiful piece of art that will highlight our history with the apple industry in the community. (photos of this can be seen on our website)

The tree looks even better with apples on it. We invite you to purchase an apple for yourself or a loved one for \$25 that will then be placed on the tree.

To purchase an apple contact Alice;  
Email: vanhatteralice@gmail.com  
Phone: (902) 678-3928

## CORN BOIL

Our annual corn boil will be held on Sunday, August 25 at 5:00pm.

This casual summer gathering is a way to share a meal and some conversation with friends and neighbours.

Bring some one new and we will make them feel welcome. There will be corn, hot dogs, and ice cream.

Come early and help husk the corn and chop the onions.

**WOODVILLE COMMUNITY CENTRE**

**48<sup>TH</sup> ANNUAL  
WOODVILLE CHICKEN  
BARBEQUE**

The weather was not the greatest this year and there were many tired people at the end of the day. However the chicken was delicious and the smiles were real.

We lost a few canopies in the wind and rain and a few people got a cold shower but in the end we only had about 100 pieces of chicken that were not sold as meals.

The bottom line was \$17,931 which is only a little less than last year.

We want to thank the Boates family for allowing us to take over their yard for the event.

Woodville Community can be proud of the way they pull together to make this event happen.

**AT THE HALL**

**Ukelele Group**

The Ukelele group will meet on Wednesday morning this fall under the guidance of Kim Barlow, a local musician.

**Coffee and Crafts Morning**

This fall there will be a Tuesday morning Coffee and Crafts morning from 9:00am to 12 noon. Come and work on your crafts and share your knowledge with others.

There is lots of space and the lighting is excellent. Coffee will be provided and a small \$1 donation to the hall would be appreciated. We will work on a list for snacks as we see how it goes.

Some Tuesdays there will be a guest who will demonstrate their talents. Crafters give and receive energy from each other so lets share that energy.

**Community Hall Assistance Program**

The County of Kings has supported the Woodville Community many times over the years with the Community Hall Assistance Program.

This year, with their help, we have upgraded the lighting to LED in most of the building. This will be a much more cost efficient use of power.

Our thanks to the County of Kings for this opportunity.
